

SOLVAN FLOW H. THE ALL-ROUND TALENT FOR MORE PLANNING FLEXIBILITY.

- Direct and indirect light components ensure optimal spatial effects. An innovative reflector slightly encompassing the edge creates soft ceiling illumination
- Project-compliant luminous flux packages and application-specific optical systems for cross-discipline lighting concepts, as continuous line or single luminaire
- Fully integrated light management systems and emergency light components remain discreetly in the background, even with demanding tasks
- With its modular design principle, Solvan Flow is quickly and easily mounted with little effort and largely without tools.

Solván Flow H	
	Mounting type Suspended
	Mounting location Ceiling
	Size linear
	Beam characteristic wide medium-wide wallwasher direct-indirect
	Luminaire luminous flux 5,300 - 6,400 lm
	Colour rendering index Light colour Ra > 80 3,000 K 4,000 K Tunable White 2,700 K – 6,500 K
	Service life L80 = 50,000 h
	Luminaire colour silver-grey white
	Operating mode switchable and DALI dimmable (ETDD) Bluetooth Low Energy (ETBLE) switchable (ET)
	Connectivity LiveLink integrated Casambi integrated
	Additional equipment LiveLink LLWM, LLWS Single battery system, 3 hours Switching relay for emergency power supply systems
	Accessories Removal tool Connection cables Ceiling roses Through-wirings End caps Continuous-line couplings Wire suspensions Blind elements

SOLVAN FLOW H
SUSPENDED LUMINAIRES

Planar light thanks to CDP-I optic

Also available as recessed and surface-mounted version

All technical data including dimensional and weight specifications have been compiled with due care. Errors reserved. Possible colour deviations are due to printing processes. We reserve the right to modify in the interest of progress. Luminaires are partly shown with accessories that must be ordered separately. Images of installations may show custom-manufactured luminaires. This publication was printed on PEFC-certified paper in an environmentally friendly way.
